BECKETT'S LONDON DRY GIN, KINGSTON	6.75	8.95

A small batch London dry gin distilled and bottled in London using juniper berries from Box Hill, Surrey Hills and mint from Kingston-upon-Thames. The result is a warm, aromatic and bittersweet character with a signature cool finish.

BOMBAY SAPPHIRE, LAVERSTOKE MILL	6.50	8.50
----------------------------------	------	------

Only the finest quality juniper, coriander, angelica, almonds, cubeb berries, lemon peel, orris, liquorice, cassia bark and grains of paradise are used to form fresh and lively gin with a warm peppery finish.

MEWS, EAST HORSLEY	6.75	8.95
--------------------	------	------

Created by a father and son team in East Horsley, using the vapour distillation method to produce a lighter, more subtle taste. Mews Gin is infused from a unique combination of 11 different botanicals; many of which are rumoured to have medicinal benefits and have been used in herbal medicines for years.

SILENT POOL, ALBURY	6.75	9.25
---------------------	------	------

Located on the Duke of Northumberland's Albury Estate, right in the heart of the Surrey Hills, the distillery takes its name from the mythical, spring-fed pool from which it draws its water. It is their mission to create artisanal spirits of the very highest quality, using only the finest local ingredients.

TWISTED NOSE, WINCHESTER	6.75	9.25
--------------------------	------	------

A small batch gin combining 10 botanicals including watercress, cultivated in the area since the 18th century, to create a spirit that is intense, fragrant and refreshing. The peppery oils present in watercress act as a stimulant to the taste buds and an aid to digestion, delivering a complex but finely balanced spirit.

# CANTINE LENOTTI

VENEZIA - ITALY

Cantine Lenotti is based in the town of Bardolino in northern Italy where it has been selling wine since 1906. At that time the farm sold wines in butts and demijohns. In the following years the farm increased its production of high quality wines, by making them from local grapes and supplying the numerous bottlers of the neighbourhood. With constant investment and experimentation, the quality of the wines have continually improved.

It remains family-owned with all aspects of production and management run by different family members.

Their passion and focus is to combine local grape varieties with the very latest wine making technology to create wines that are both traditional and innovative. Pure fruit intensity is at the core of all their wines.

**Btl**

## 'Colle dei Tigli'

A deliciously light, soft, dry white with peach and apple fruit flavours and a hint of flowers on the bouquet. This is a blend of the Cortese and Garganega grape varieties which gives this delicate wine real character.

24.50

## 'Rosso Passo'

A light to medium-bodied red, vibrant and aromatic with layers of crushed cherry flavours and a touch of spice. This is a blend of Sangiovese and Merlot and they combine well to make a wine of balance that is light enough to be enjoyed on its own and structured enough to go with food.

# CHÂTEAU CARBONNEAU

BORDEAUX - FRANCE

Château Carbonneau is a family-run vineyard and beautiful B&B located in the Sainte Foy appellation of Bordeaux. The property was inherited by Wilfrid Franc de Ferrière in 1992, whose family bought the Château in 1938. With his agricultural engineering degree Wilfrid replanted the vineyards, modernised the winery and restored the Château and stunning 19th century greenhouse.

Wilfrid and his family continue to passionately craft excellent quality wines, two are named after his daughters and one pays tribute to the Château's mighty Séquoia tree. All of the wines that we feature from Château Carbonneau are of exceptional quality and, as we import direct, represent great value.
